THE GREAT 24 HOURS OF LE MANS RACE WEEK! 13-20 SEPTEMBER 2020

Due to the international health crisis, the 2020 24 Hours of Le Mans will now take place on 19-20 September. This postponement has resulted in a few adjustments to the Race Week schedule. Today, the Automobile Club de l'Ouest is able to share more details on Le Mans Race Week and what has changed for this year. Further information, including details on the support races, will be provided at a later date.

The main difference to Race Week is that there is no Test Day. The race will start at 14:30 (French time) this year and, of course, there will be a longer period of night-time racing.
